

EVER SUNLIGHT

外形图

单位: mm

Product name: green hair
green Φ 3 long feet

Maximum parameter value and
temperature =25°C

parameter	absolute rating	unit
pulse current	60	MA
Direct DC	30	MA
backward voltage	6	V
working temperature	-55°C TO +100°C	
reserve temperature	-55°C TO +100°C	
welding temperature	260°C for 5 seconds	

Photoelectric characteristic
parameters and temperature
=25°C

parameter	symbol	least value	crest value	unit	condition
luminous intensity	Iv	20	40	mc d	IF=20MA
peak wavelength	λ_p	565	575	nm	
direct voltage	V F	1.9	2.5	V	IF=20MA
back current	I R	5	10		VR=5V

remarks

1. All dimensions are in mm
2. No indicated tolerance is plus or minus 0.25mm
3. The maximum part of the extra colloid is 1.0mm
4. Specifications modification will not be notified in advance
