

| | |
|--------------------------------|-------------------------------------|
| Individual weight (g) | 18,8 |
| Number of cores: | 3 |
| Protection level: | IP68 |
| Temperature resistance: | -40°C~+105°C |
| Storage temperature: | Normal temperature |
| Material: | PA66 Nylon (Flame retardant) |
| O-ring material: | Silicone (environmental protection) |
| Applicable cable range: | Φ 4-8 |
| Connection mode: | screw crimping |
| Conductor material: | 59-1 brass nickel plated |
| Applicable line square number: | 0.5 ~ 2.5mm ² |
| Test voltage: | 250V |
| Rated voltage/current: | 400V/25A |
| Flame retardant grade: | UL-94V0 |
